

## **Hotel Sonnenpark: The family paradise with its own water world**

**For carefree and sunny holidays no matter the weather forecast. Leave the stress of everyday life behind when you check in at our family pamper hotel, the Sonnenpark in Lutzmannsburg. Babies and toddlers can immerse themselves - on land and in water - in the hotel's own water fun area in a fantasy world of amazing experiences. A short, direct connecting corridor takes you to the Sonnentherme Lutzmannsburg, Europe's leading infant and toddler thermal spa.**

Child-friendly surroundings and decor and a relaxed atmosphere coupled with sun, air, light and plenty of space – Hotel Sonnenpark is everything modern hotel design should be. Innovation and functionality for families is what sets this 4-star hotel with its 87 rooms apart. A love of detail is everywhere evident amongst the special features for babies, toddlers and mothers-to-be. **Wolfgang Stündl**, managing director of the Sonnentherme and of Hotel Sonnenpark knows what he's talking about: "The special provisions at the Sonnentherme with their focus on the little ones are continued here at Hotel Sonnenpark".

We are rewarded each day with the laughter of happy children. But we've also received the "HolidayCheck Award 2012". This means that Hotel Sonnenpark is one of the 99 most popular family hotels worldwide. Not least because of the numerous extras. Pushchairs on loan, family washing kitchen and baby station for preparing baby foods are just a few examples. Changing space for guests who want to use the Sonnentherme spa or the hotel's own water world before midday on the first day of their holiday, or to stay that bit longer on their last day after checking out – this is another of our special services.

Go from your hotel room straight into our own family water world. "Sunny Bunnys Waterworld" is for hanging out and having fun in the water. There's a feel-good factor here for the whole family – and a place to lie in the sun. There are shallow children's pools indoors and outside - so great bathing fun for babies and toddlers. And adventures on the slide are a must, especially when the journey ends in warm thermal water. Kids can let off steam in the fresh air in the kids' play area. Indoors there is a special area for changing babies.

Little people are important to us at Hotel Sonnenpark. There are numerous play and entertainment areas tailored to the needs of different ages. Sunny Bunny, our mascot with his lovely sunny nature and his team always invites all kids from age two to ten to the “Sunny Bunny Club”. Here there are plenty of different things to do, including cookery, play and gymnastics for kids – and much else besides. In Sunny Bunny’s workshop creativity is the thing. Curious kids can also take a look inside his home.

Babies and toddlers up to the age of two can go on a journey of carefree discovery in especially designed spaces for them to be quiet or crawl about – equipped with high quality play equipment. And there’s an adventure programme for the tiniest with expert supervision. One quite unique innovation for babies and their mums or dads is the “Snoezelen room” where little people can enjoy a variety of sensory experiences including feeling, seeing and hearing; its soothing effect can make them feel sleepy. Snoezelen has a very positive effect on a baby’s development and encourages harmonious baby-parent relationships.

All that experience and adventure makes you hungry. So mum and dad are looked after all day (breakfast, lunch, coffee & cake, evening meal) and for the little ones there is even a wonderful baby and kids buffet. Soft drinks are an all-day inclusive benefit. The summer terrace offers plenty of space for enjoying the sun and taking a rest. From there there’s a beautiful view of the shady garden pavilion at the centre of the hotel park where – safe from mosquitos – you can have your meals. And you can watch your kids play in the child-friendly garden with loads of play space, feeding the rabbits or in the organic garden bed.

### **Highlights at a glance at the Sonnentherme Lutzmannsburg:**

- 4-star family pamper hotel.
- Hotel’s own family water world: “Sunny Bunny’s Waterworld” with shallow kids pool indoors and out, a kids slide, an outdoor play area plus changing space and lift for pushchairs. Guaranteed personal space included.
